PSLO-ISLO Map

Program-level Student Learning Outcomes (PSLOs) for each discipline/prefix should support the mission and goals of the College. Therefore, PSLOs should clearly align with PCC's college-wide Institution-level Student Learning Outcomes (see 2017 approved ISLOs).

Use the matrix below to map the core PSLOs for the prefix(es) in your program to our ISLOs. Remember that PSLOs should isolate *individual* skills/knowledge students learn in the program, so the overlap between aligned ISLOs should be minimal.
