Current Projects & Goals

- **Integrate Program-Level Assessment into eLumen**
 - Develop at least 3 PSLOs for each prefix
 - Map alignment between PSLOs and PCC's ISLOs
 - Create rubrics to assess core PSLOs
 - Implement PSLO rubrics
 - Build PSLO rubrics in eLumen (send to Assessment Committee)
 - Distribute ("Plan") PSLO rubrics to faculty and instructors to complete assessment in current courses
 - Review results of PSLO assessments, identify key findings, discuss opportunities for improvement (to instruction, to rubric, etc.).
- **Increase Part-Time Instructor Participation**
 - Increase direct communications from chairs to instructors related to assessment activities and plans (departmental or institutional).
 - Promote idea of completion of eLumen Basic Training becomes an expectation for all instructional staff.
 - Ensure that all trained instructors participate in completing assessments in eLumen and encourage feedback on process, methods, tools, and next steps
- **Improve Underperforming & Under-Sampled ISLOs**
 - Increase sample sizes for Communication and Quantitative Reasoning ISLOs.
 - Develop strategies to improve student performance and mastery of Critical Thinking and Communication ISLOs and implement/pilot at least one new strategy in 2018.
