From the Chair

The changing of the seasons reminds us to reassess our assessment tools. Your Assessment Committee is taking on the task of evaluating our ISLO Rubrics, and now is the time to evaluate your own rubrics to see what leaves need to fall in order to grow anew for the next calendar year! Let us help you!

Rubric Review

This year, the Assessment of Student Learning Committee is reviewing our 5 college-wide rubrics to identify opportunities for improvement. Thank you to those of you who submitted comments using the “reflection” tool in eLumen! We take your input very seriously and encourage anyone to share their thoughts—all faculty and instructors are invited to share any feedback or suggestions you might have on how to improve our college-wide rubrics. You can share your feedback in multiple ways:

- Email eLumenSupport@pueblocc.edu with your suggestions!
- Visit the Assessment Committee during our monthly meetings—we will be discussing the **Quantitative Reasoning** rubric on Tuesday, November 16th! Contact Brad.Bowers@pueblocc.edu to get the WebEx link!

PCC Flex Self-Assessment

We are still collecting data through the PCC Flex Self-Assessment this semester! It is designed to make collecting and entering data into eLumen easier for you! If you are currently teaching a PCC Flex class, you are **strongly encouraged** to consider administering this student self-assessment, which is specifically designed to evaluate student learning in the hybrid/flex format!

This is a **ready-made** assessment tool that can be **easily administered** in conjunction with your regular assessment projects, and it will provide us with meaningful data on the hybrid/flex learning experience. Check out the **PCC Flex Self-Assessment master course in D2L** for details on how to copy the new self-assessment form into your own classes and get results in a format that will be much easier to enter into eLumen!

NOTE: With the revised Self-Assessment form, you will receive an email with your students’ (anonymous) responses to enter into eLumen. If you wish to give them credit for completing it, instruct them to enter their names at the end of the form. All results will be tabulated and sent by 12/10—notify Liz if you are ready for your results sooner!

Want more info? Check out our upcoming workshops, where you can get an introduction and/or refresher on the basics of using our assessment software, eLumen, as well as an overview of the PCC Flex Self-Assessment and how to administer it.
