Rubric Review—Invitation to Contribute!

This year, the Assessment of Student Learning Committee is reviewing our 5 college-wide rubrics to identify opportunities for improvement. Thank you to those of you who submitted comments using the “reflection” tool in eLumen! We take your input very seriously and encourage anyone to share their thoughts—all faculty and instructors are invited to share any feedback or suggestions you might have on how to improve our college-wide rubrics. You can share your feedback in multiple ways:

- Email eLumenSupport@pueblocc.edu with your suggestions!
- Visit the Assessment Committee during our monthly meetings—we will be discussing the **NEW Social Consciousness** rubric as well as reviewing our **Effective Communication** rubric on Tuesday, April 19th! Contact Brad.Bowers@pueblocc.edu to get the WebEx link!

PCC Flex Self-Assessment

We are still collecting data through the PCC Flex Self-Assessment this semester! It is designed to make collecting and entering data into eLumen easier for you! If you are currently teaching a PCC Flex class, you are **strongly encouraged** to consider administering this student self-assessment, which is specifically designed to evaluate student learning in the hybrid/flex format!

This is a **ready-made** assessment tool that can be **easily administered** in conjunction with your regular assessment projects, and it will provide us with meaningful data on the hybrid/flex learning experience. Check out the **PCC Flex Self-Assessment master course in D2L** for details on how to copy the new self-assessment form into your own classes and get results in a format that will be much easier to enter into eLumen!

NOTE: With the revised Self-Assessment form, you will receive an email with your students’ (anonymous) responses to enter into eLumen. If you wish to give them credit for completing it, instruct them to enter their names at the end of the form. *Want more info? Check out the upcoming workshops below!*

From the Chair

I recently realized I have served on the Assessment of Student Learning Committee for the last eleven years, and have been the chair for the past five. In that time we have made incredible progress on assessment of student learning, and I am so proud to have been a small part of this great work. I feel, however, that it is time to move on to a new start with other committee work, so I will be stepping down from the ASL Committee at the end of the semester. Thank you all for the wonderful support of this committee and assessment at PCC.
